- Prof. Zakharenko A.A., MD, DSc
- Prof. Zavrazhnov A.A., MD, DSc
- Prof. Zemlyanoy V.P., MD, DSc

CONGRESS SCIENTIFIC TOPICS

- Artificial Intelligence Technologies in Medicine
- Artificial Intelligence in Surgery: Key Achievements in China
- Minimally Invasive Technologies in Abdominal Cancer Surgery
- Minimally Invasive Technologies in Hepatopancreatobiliary Surgery
- Minimally Invasive Technologies in Thoracic Surgery
- Minimally Invasive Technologies in Surgical Gastroenterology and Bariatrics
- Minimally Invasive Technologies in Endocrine Surgery
- Minimally Invasive Technologies in Coloproctology
- Minimally Invasive Technologies in Hernia Surgery
- Minimally Invasive Technologies in Emergency Surgery

VENUE

Almazov National Medical Research Centre
2 Akkuratova street, St. Petersburg, Russia

The scientific program of the Congress will include:

- Lectures
- Plenary sessions
- Scientific symposia
- Publication of congress materials in the *Russian Journal of Surgery*

OFFICIAL LANGUAGES

Russian and English

MEDIA COVERAGE

The event will be attended by press representatives.

OFFICIAL EVENTS OF THE CONGRESS

SEPTEMBER 15, 2025:

09:00 – 10:00 CONGRESS OPENING CEREMONY

- Attendee

ABSTRACT & PAPER SUBMISSION

Abstracts should be submitted by **August 1, 2025** at Russia-China2025@Yandex.ru

Congress materials will be published in both Russian and English in the *Russian Journal of Surgery*.

About the Journal:

The *Russian Journal of Surgery* is a peer-reviewed publication covering major areas of surgery, oncology, traumatology, and orthopedics. The journal aims to:

- Disseminate knowledge about effective surgical treatment methods
- Support scientific research through publication of the results of academic and clinical studies
- Summarize scientific and practical achievements in surgery, oncology, traumatology and orthopedics
- Enhance professional qualifications of surgeons and related specialists

We welcome submissions on: artificial intelligence in surgery, minimally invasive technologies in: surgical gastroenterology, bariatric surgery, hepatopancreatobiliary surgery, oncology, thoracic surgery, hernia surgery, endocrine surgery, coloproctology and emergency surgery.
